

SEACLIFF
Primary School

Why do you like to give up your time to volunteer in the canteen?

Ava: I like to help everyone out. It is fun and feels good to offer to lend a hand. I get good work experience for café work. It has been great to make friends with all the adults that work at the canteen.

Skylar: Because it is fun and handling money gives me good experience for working in the future. Working with friends is fun and I love the dance parties with the canteen staff.

Zoe: It is way more fun helping in the canteen than playing outside. I have made lots of friends, which is cool! It is good work experience for working in a café or a canteen in the future.

Heidi: It's fun. I like serving people. There is something different to do every day, like making ice cream. I'm a GREAT SCOOPER and once made a perfectly round scoop of ice cream. I prefer working in the canteen than going outside to play at recess and lunch. I enjoy serving and chatting to the LITTLE KIDS. Mich and Jazz are fun and easy to get along with.

Jordan: I like being around the people that work at the canteen and helping. I get to talk and get to know people at school. The canteen is a great environment to help out in, and it is good work experience for the future.

Adam: I like helping out. It's fun, and getting to know new people and customers is enjoyable.

Nicolas: It is a good learning experience and it will be good when I'm older because cooking things and serving people are useful skills that can help me get a job in the future. It's lots of fun!

Vinny: It's fun to meet new people and make more friends. I enjoy cooking and it helps me to get great work experience. I want to be a gourmet chef when I'm older.
