

Junior Primary Maths Intervention Program Professional Development

Seacliff Primary School has developed a targeted intervention program for Year 1 & 2 students called TOOSmart! Our results of this sequential program have shown an average 3 years growth in just one year!

The program has 7 levels and incorporates a range of strategies to improve students' fluency, problem solving and reasoning skills. TOOSmart! targets students who have the capacity to achieve at the median or above level but are not fulfilling their potential.

TOOSmart! can be delivered by SSOs. We strongly recommend that a teacher supports the delivery and also attends the training.

- ◆ **Date** **Friday 21st February 2020**
